1. It will be up to us, the breeders, to decide when the puppy will be ready to go to its new home. Usually at the age of 6-8 weeks, depending on the breed, weight of the puppy and how easily it is weaned from the mother. We will not, under any circumstances, let the puppy leave before it is ready.
2. The puppy is guaranteed to be in good health at the time of sale.
3. The puppy will be up to date on shots and worming at the time of pickup of the puppy. It is very important that you continue the vaccinations and worming. Please do not expose your puppy to other dogs that are not vaccinated until he/she has completed the entire vaccination schedule - around 16-20 weeks old.
4. The puppy will have been vet checked and deemed in good health at the time of sale.
5. If within 72 hours, a Licensed Vet finds the puppy to be unhealthy or unfit for sale, the puppy may be

returned for a full refund - provided the puppy has not been injured or neglected. The veterinarian must provide a written statement deeming the puppy "unhealthy" for purchase.

6. This guarantee does not cover any health issues caused by neglect or injury from the buyer.

9. This guarantee does not include minor illnesses and health issues such as colds, allergies, internal or external parasites or umbilical hernias. However, the breeder will disclose any known illnesses or health issues prior to the sale.

10. The breeder cannot assume responsibility for this puppy after 72 hours of the sale. It is the responsibility of the buyer to care for the puppy properly and keep it free from harm. Please remember that your puppy must be treated with great care and protected from danger.

11. The breeder assumes no responsibility for any medical expenses incurred after the sale.

12. The breeder assumes no responsibility for training difficulties or behavior problems.

13. The breeder does not guarantee size. We will give the buyer the weight of the puppy's parents and the weight of other puppies out of that mating. We can give the buyer an educated guess as to full grown weight, but there are too many variables besides genetics.

14. The breeder does not guarantee fertility or ability to place in shows. The puppy is strictly sold as a TOP QUALITY PET.

15. The breeder gives a two-year guarantee against any congenital/genetic defects of the puppy. If this should occur then the puppy will be returned to the breeder, and the buyer will receive another puppy of the same breed when there is one available or a full refund of the cost of the puppy will be given. The breeder is not responsible for any costs additional to the purchase price of the puppy.

16. The breeder does reserve all rights to get a second opinion on any defects that the buyer's vet has found. The buyer must show proof of any said defects from a licensed vet.
